

We are pleased to report several positive developments in our restructuring plan:

Our bank has a new administration. Following the original plan, approved by the Office of the Commissioner of Financial Institutions of Puerto Rico (OCIF), a highly professional team with a long history in the banking industry, is in charge of the institution.

It is also pleasant to inform you that OCIF approved, on May 4th, our new commercial name: **TBB INTERNATIONAL BANK CORP.**

In the coming weeks, the formal presentation and launch of this new brand will take place, with which we will be known from now on.

At this time, the bank is fully operational and in order all our obligations.

We are focused on ensuring that this restructuring plan continues in an effective and transparent way, protecting the interests of our clients.

Sincerely,

**TBB INTERNATIONAL BANK CORP**
